

Federal Board SSC Practical Examination  
Name of subject **Media Production**  
Model Question Paper

Time Allowed: \_\_\_\_\_

Total Marks: 90

**Written Examination (10)**

Q.1 Suppose there is a fire or other dangerous situation at the workplace, what steps you will take to evacuate from the building? Also write the steps you will take when you hear a fire alarm. (5)

**OR**

What are the components of a Camera? Make Camera diagram showing its various components.

Q.2 Explain Important components of Adobe Audition Interface. Make a diagram of the software Interface. (5)

**OR**

Explain the process of importing Images and Videos from various sources (computer, digital and video camera, USB and internet etc.) in Adobe Premiere Pro.

**Practical Exam (60)**

Q.3 Do the following tasks: (15)

- Assemble the camera (Fix Flashlight, Lens, battery, Memory Card etc.)
- Install camera on Tripod and shoot the indoor human model (set aperture, iso and shutter speed)
- Use camera as handheld and shoot an outdoor moving object (set aperture, iso and shutter speed)

**OR**

Do the following tasks:

- Assemble the video camera (fix flashlight, lens, battery, memory card etc.) Install the camera on Tripod.
- Capture a two-minute video (human speech or interview)
- Save the video in computer using camera cable or memory card. Rename the file in the following format “your registration number-date”

Q.4 Record a two-minute video using a drone camera. Video may be of an outdoor even (e.g., sports match or a function). Save this video in computer, and then by using any video editing software, insert two effects. Finally save it again. (15)

Q.5 Conduct an interview with a celebrity. Record it using a video camera. Then, start a new project in Adobe Premiere Pro. Import the interview video and apply the following: (15)

- Apply two transition effects
- Add two soundtracks (one from computer and one as your own voice)
- Make colour corrections and export the video as final released product

**OR**

Make a documentary for television on any of the assigned topics e.g., “Learning Skills vs Conventional Education”. Edit it using any video editing software and release the final product.

Q.6 Demonstrate the following: (15)

- Create an account using fiverr freelancing website
- Create a gig (e.g, Graphics Developer, Video Editor)
- Post that gig on your social media (e.g., Facebook, twitter and LinkedIn)
- Write a small proposal for a client who has contacted you by watching you gig on fiverr.

**Viva Voce (20)**
