AND SECONDARY EDUCATION
H-8/4, ISLAMABAD**

No. 2-13/ELECTION/HSSC/MEETINGS/FBISE/2025/ 508

April 22, 2025

Notification

Following the BoG election for the HSSC seat held on 09 April 2025, technical glitches during Step-2 of the e-voting process compromised the required level of transparency in the results. The IT Management Department has identified software deficiencies, including missing validation checks, which led to image duplication and raised concerns about vote authenticity.

2. In view of the majority consensus and technical findings, the voting process of the current election is hereby annulled. Fresh e-voting shall be scheduled after rectification of the identified flaws, ensuring a secure and foolproof system.

3. Consequently, the e-voting scheduled for 06 May 2025 (BoG – SSC level: one male, one female) is postponed and will be rescheduled following the re-election of the HSSC seat to ensure system stability and restore confidence.

3. All concerned are requested to remain engaged as we move toward a more transparent and reliable election process.

(ARSHAD MEHMOOD)
SECRETARY
